

SHRUTHI V – SOFTWARE DEVELOPER

Dindigul-624401 || 7010053942 || yshruthi784@gmail.com || [Shruthi](#) | [LinkedIn](#)

SUMMARY

Software Developer skilled in C, Python, and Machine Learning. Dedicated to build effective solutions for real-world challenges. Enthusiastic about exploring new technologies and making valuable contributions to IT projects.

EDUCATION

Sastra Deemed To Be University	Thanjavur
<i>MCA (CGPA: 8.34)</i>	2023 - 2025
Lady Doak College	Madurai
<i>B.Sc. Mathematics with CA (CGPA: 8.7)</i>	2020 – 2023
Vinayakar Matric. Hr. Sec. School	Sivakasi
<i>HSC (Percentage: 91.33%)</i>	2019 – 2020

SKILLS

Technical Skills: C | Python | Machine Learning

Soft Skills : Problem Solving | Continuous Learning | Decision Making | Time Management | Creativity | Flexibility |

PROJECT

Title | Enhanced Dialogue Summarization Using Multi-Task Learning Technique **07/2024 – 11/2024**

Institution Name | Sastra Deemed To Be University **Thanjavur**

Description:

Developed an application for dialogue summarization using a multi-task learning technique. Designed an intuitive graphical user interface (GUI) to pre-process input dialogues, visualize summaries, and manage model interactions. Integrated Python-based NLP libraries and deep learning frameworks to achieve efficient and accurate summarization.

Libraries used: Hugging Face Transformers, pandas, Numpy, Tkinter

Software used: Jupyter Notebook, Mobaxtream
